## **DETAILED ACTION**

## Oath/Declaration

1. The reissue oath/declaration filed with this application is defective because it fails to contain the statement required under 37 CFR 1.175(a)(1) as to applicant's belief that the original patent is wholly or partly inoperative or invalid. See 37 CFR 1.175(a)(1) and see MPEP § 1414.

in the instant case by reason of claiming less than the patentees had the right to claim in the

<u>patent</u>.

2. The Preliminary Amendment filed 25 September 2003 proposes amendments to the claims that do not comply with 37 CFR 1.173(b), which sets forth the manner of making amendments in reissue applications. A supplemental paper correctly amending the reissue application is required. The proposed amendment are not in compliance because it is unclear whether the originally filed claims or the claims presented in the preliminary amendment are the ones that the applicant(s) want to be of record. Additionally, the claims do not comply with 37 CFR 1.173 since all new claims must be underlined entirely, with markings showing all the additions and deletions. However, it should be noted that the subject matter added during the reissue, must be removed without any bracketing. And cancelled claims must just say "Cancel claim X".

A shortened statutory period for reply to this letter is set to expire ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this letter.
